

MIRACLE MACADAM SAVES SUNDERLAND POINT

RESURFACING KEEPS RESIDENTS IN CONTACT WITH OUTSIDE WORLD

THE PICTURESQUE SUNDERLAND POINT, A QUAIN VILLAGE AT THE TIP OF THE LUNE ESTUARY, RECENTLY CAUGHT THE ATTENTION OF RESURFACING EXPERTS, MILES MACADAM. KNOWN FOR THEIR SPECIALIST HIGHWAY SURFACING MATERIALS. LANCASHIRE COUNCIL APPROACHED THE COMPANY TO FORMULATE A STUPENDOUS SPECIALIST SURFACING SOLUTION THAT WOULD WITHSTAND REGULAR TIDAL FLOODING.

THE PERPLEXING CHALLENGE OF COMBATING SEA WATER AND SILTY CONDITIONS CALLED FOR A SOLUTION BORN OUT OF THE GROUDED MACADAM ARCHIVES. THE 'FIRST CONTENDER', DOUBLE M, DRAWN FROM THE 1990'S, IS A HIGHLY IMPERVIOUS COMBINATION OF HIGH-STONE CONTENT ASPHALT AND LIQUID ASPHALT GROUT. IN TANDEM WITH THIS, A BESPOKE HARDICOAT MATERIAL WAS CRAFTED CONSISTING OF A 20MM AGGREGATE RECEIVING COURSE AND LIQUID RESIN CEMENTITOUS GROUT, COMBINING STRENGTH AND IMPERMEABILITY.

WITH OVER 50 YEARS OF EXPERIENCE, MILES MACADAM'S EXPERTISE IN MANUFACTURING GROUDED MACADAMS PROVED INVALUABLE IN THIS UNIQUE SETTING.

SUNDERLAND POINT, A SITE OF SPECIAL SCIENTIFIC INTEREST AND SPECIAL PROTECTION AREA, REQUIRED A LONG-LASTING SOLUTION. THE PROJECT CALLED FOR METICULOUS PLANNING WITH COLLOSAL CONSIDERATION OF TREACHOROUS TIDES, WICKED WEATHER, ENCHANTING ENVIRONMENT, ALL WHILE NECCESITATING THE NEEDS OF RESIDENTS TO NAVIGATE AWAY FROM THEIR COASTAL COVE.

'UNUSUAL SITES REQUIRE UNIQUE SOLUTIONS! MILES MACADAM ARE MASTERS IN MANUFACTURING GROUDED MACADAMS WITH THE ABILITY TO TAILOR OUR SURFACING TO SPECIAL SITES' PROCLAIMED TOBY FITZSIMMONS, BUSINESS DEVELOPMENT MANAGER.

“THEIR TEAM HAS BEEN A PLEASURE TO WORK WITH THROUGHOUT EVERY ASPECT OF THE CONSTRUCTION PROCESS. THEIR PROFESSIONALISM, ATTENTION TO DETAIL, AND COMMITMENT TO QUALITY HAVE ENSURED THAT THE PROJECT WAS COMPLETED TO THE HIGHEST STANDARD. WE ARE EXTREMELY PLEASED WITH THE RESULTS AND LOOK FORWARD TO THE OPPORTUNITY TO COLLABORATE WITH THEM

AGAIN IN THE FUTURE

JOHN BANKS, LANCASHIRE COUNCIL
